

CORRIGENDA

Installation Guide contain misdescription. Refer to the following table and confirm the descriptions that are corrected.

■ Step 1 Fixing the brackets - [Type 2]

Added

<Processing of side cable access hole>

When installing the camera directly on the ceiling or wall with cables exposed, cut out a portion of the enclosure to open a cable access hole.

IMPORTANT:

To prevent injuries and protect the cables, finish the side cable access hole with a file to avoid sharp edges.
